

EMPLOYMENT OPPORTUNITY

Women's College Hospital is the first and only independent, academic, ambulatory care hospital in Ontario with a primary focus on the health of women. If you're ready to be part of the future of healthcare, then you will want to join an institution in which the possibilities for creative innovation, breakthroughs in new thinking and groundbreaking work in academic ambulatory medicine are limitless. Women's College Hospital is committed to patient safety as a key professional value and an essential component of daily practice.

An exciting **regular full-time** opportunity as a **Pulmonary Function Technologist (Competition #39.19)** exists in the Pulmonary Function Lab reporting to the Clinical Manager.

Summary of Duties, but not limited to:

- Perform all tests currently offered in the Pulmonary Function Lab (excluding ABG's if candidate is not an RRT)
- Provide smoking/Tobacco cessation counselling, and education regarding respiratory medications, to patients
- Calibrate equipment and perform tests following lab standard practices
- Provide education/mentorship of health discipline students and medical clerks/residents
- Establish and maintain rapport with patients, and collaborate with a multi-disciplinary team
- As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care.

As a role model and champion you will work to identify and integrate safe, best practices into daily activities to foster the delivery of safe and exemplary care.

The responsibilities described above are representative and are not to be construed as all-inclusive.

Qualifications/Skills:

- Registered Pulmonary Function Technologist in the field of pulmonary technology - RCPT(p) or Registered Respiratory Therapist with a minimum of 6 months full-time experience (900 hours) in a pulmonary function lab
- Training in smoking cessation counselling (TEACH) is an asset, and Certified Tobacco Educator designation (CTE) is optimal
- Certified Respiratory Educator is an asset
- Experience with the Viasys VMax PF system, preferred
- Excellent interpersonal and communication skills
- Professional behavior and communication that meets the standards of the professional regulatory college or association, as applicable, and the standards of Women's College Hospital
- This position plays a critical role in acting as an advocate for safety and will demonstrate principles, practices and processes that will optimize a safe environment for all

POSTING DATE: February 13, 2019

Please forward resumes via email to HR@wchospital.ca with your name and the competition number in the subject line. (Example: Jane Smith, 1.16)

We thank you for your interest, however, only qualified applicants who are selected to be interviewed will be contacted.

EMPLOYMENT OPPORTUNITY

Women's College Hospital is a fully affiliated teaching hospital of the University of Toronto and is committed to fairness and equity in employment and our recruitment and selection practices. We encourage applications from Indigenous peoples, people with disabilities, members of sexual minority groups, members of racialized groups, women and any others who may contribute to the further diversification of our Hospital community. Accommodation will be provided in all parts of the hiring process as required under our Access for People with Disabilities policy. Applicants need to make their requirements known in advance.
